

## Idaho Automobile Dealers Association

August, 2005

Dear IADA Member,

We are pleased to have the opportunity to re-introduce you to **Fringe Benefit Resources**, our voluntary employee benefits partner. In the effort to provide you with a wide selection of employee benefits choices, the Idaho Automobile Dealers Association joined together with Fringe Benefit Resources in 2003. The joint program offers a variety of supplemental and voluntary benefits including:

- ✦ Disability Insurance – Paycheck Protection
- ✦ Section 125 Administrative Services
- ✦ Cancer Insurance
- ✦ Accident Insurance
- ✦ Dental Insurance

The IADA plan is supported and serviced by **Fringe Benefit Resources (FBR)**; representing American Fidelity and other carriers that specialize in benefits for automobile dealerships. FBR has an office in Boise, and have been providing worksite programs since 1978. FBR works with more than 8,000 Idaho and Montana employees and employers.

Please welcome FBR representatives when they contact you to discuss the employee benefit options for your dealership. We highly recommend FBR for their products and services, and consider them to be the right choice for IADA members.

Sincerely,

Denise Brennan  
Executive Vice President
