

Short-term Disability coverage to benefit your employees – and your business.

Short-term Disability

Our contracts are built on the belief that disabled employees want to work, even if only part-time or in a reduced capacity. Our policies detail specific terms in regard to these benefits and all others available from The Hartford.

Stay-At-Work Support

Here are just a few of the provisions that make it easier for your employees to continue to work and still qualify for the benefits they need.

- Our standard STD contract doesn't require a period of total disability for a claimant to qualify for benefits.
- Our STD and LTD contracts work together to allow claimants to return to work for up to one-half of the LTD elimination period without restarting it, and without having to start a new short-term disability claim should they be unable to sustain their return to work.
- To further encourage a return to work, we only offset 50% of work earnings for claimants in approved rehabilitation programs, allowing them to combine earnings and benefits to receive up to 100% of their pre-disability income.

Return-To-Work Support

Our STD contract offers incentives, resources, and support to encourage your disabled employees to get back to work as soon as they're medically ready.

- Our vocational rehabilitation program offers comprehensive clinical, vocational and job placement services to help your employees achieve a successful return to work.
- The Center for Ability®, The Hartford's online benefits resource, gives you instant access to research professionals who can provide personal responses to your questions. Get updates on assistive technologies, ergonomics and medical treatments, or take advantage of educational information on Return-to-Work programs and The Family and Medical Leave Act.

Options To Suit Your Needs

We offer options to expand coverage and provide enhanced protection for your employees.

- Extended earnings protection that includes no disability benefit offset for employer-paid salary continuation, sick leave or paid time off, so that employees can receive up to 100% of pre-disability income².
